

Professional LED Light Manufacturer  
For over 17 years

## FEATURES & BENEFITS

- DYNAMIC PIXEL RGB COLOR
- High Brightness Output
- The Light Strip Can Be Recessed Or Surface Mounted
- Installation For Indoor Home Decor

- High Quality, Rest Assured Service

- 3M double- tape
- Non-waterproof IP 20
- Easy to cut and install

# LED LIGHT STRIP

WJ-LLS-5050-RGB-D-2-12V

## TECHNICAL INFORMATION

### Light Strip Specifications

|                 |                               |
|-----------------|-------------------------------|
| Model:          | WJ-LLS-5050-RGB-D-2-12V       |
| Color:          | Pixel RGB (4 wires)           |
| CRI:            | Ra>90                         |
| FPCB:           | 10mm white                    |
| Cutting:        | one by one LED pixel (1.65cm) |
| LED Type & QTY: | SMD5050 60 pcs 60 pixels/m    |
| Power:          | 16W/M                         |
| Packing:        | 5m per reel                   |
| Voltage:        | 12V                           |
| IC:             | WS2815 (IC in each LED)       |

### Driver Require

|          |        |
|----------|--------|
| 1 Meter  | > 20W  |
| 2 Meters | > 40W  |
| 3 Meters | > 60W  |
| 4 Meters | > 80W  |
| 5 Meters | > 100W |

UV Resistant

Saltwater Resist.

Flame Resistant

Ambient Temp

## ■ DESCRIPTION

An LED strip light is a flexible circuit board that is populated with LEDs that you can stick almost anywhere you want to add powerful lighting in a variety of colors and brightnesses. LED strip lights are flexible and can be bent vertically up to 90 degrees. There are 5 great spots for LED strip lights around your home: 1. Under cabinets 2. Along toe kicks 3. Under shelves 4. Under the bed 5. Behind computer and TV screens.

When it comes to stage lighting you can use LED light strips in different ways. You can use diffused LED light strips to backlight screens and podiums. Bright RGB and LED neon lights can be used to highlight key areas of the stage. Luminous LED light strips can be used for backdrop and spotlight lighting.

If you're looking for your next DIY project, search no more—enhance your space with mood lighting for an aesthetic upgrade that can also improve your mood, sleep, and productivity.
