

Application

- Product Identification
- Inventory Management
- Asset Management
- Carton Management
- Apparel Management

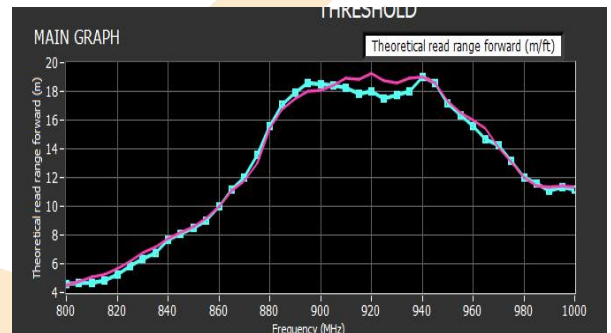

Appearance

Features

- With UHF technology, hundreds of tags can be read at a time
- The reading distance: >16m
- 100% non-magnetic material for clothing management
- Support high speed read-write

Read Range

RF & Physical Specifications

Item	Description	Deviation	Unit
Chip	U8	N/A	N/A
Dimensions	88*24mm	± 0.5	mm
Thickness	0.07mm	± 0.2	mm
Material	AL+PET	N/A	N/A
IP Rating	N/A	N/A	N/A
Application Temp.	-20~70°C	N/A	°C
Operating Temp.	-20~70°C	N/A	°C
Memory	TID 96bits ;EPC 128bits ;USER 0bits	N/A	bit
Frequency range with the best performance	860-960MHz	N/A	MHz
IC Life	Write endurance of 100,000 cycles Date retention of 10 years	N/A	N/A

Application Instructions: suitable for inventory management and asset identification tracking. Both fixed readers and handheld readers are installed and read with greater flexibility and reliability, helping to improve garment inventory and supply chain management.

Optionals: Personalized customization; silk screen printing, spray printed number (UID code, EPC code, barcode, etc.)
Provide adhesive option.
Encoding service.
Other services as your request.

Notes: Installation and use in accordance with specifications, involving the installation of auxiliary appliances, shall be used with the appliances.
Using a read-write machine with the same protocol to read & write, related to encryption should be used with a password.
Please use in strict accordance with the product specification.
Please contact our technical personnel to deal with the abnormal problems such as product damage, package damage and incomplete data.
